MEETING MINUTES

07/06/2010

By Bob Parker

Editors note:

First off we need to apologize for this letter to be published so late this month. As many you may be well aware this editor just underwent through a major medical intervention.

This month I was required to return to the hospital in Pittsburgh to complete my recent surgical procedure. Thanks to our good Lord I am doing well in my road to total recovery.

I must thank Bob Parker for forwarding the minutes of the last meeting and his determination to publish this letter, although in an abbreviated format.

Our President Ron Dale II called the meeting July to order at 6 PM. Four officers were present while our secretary was away for a medical follow-up. We believe he is doing well. The minutes for June meeting were accepted and our Treasurer Russ Kelly read this month financial report which was accepted. If you need a copy of the current financial report e-mail Russ, or better participate on our meetings and obtain this information first hand. We had 3 new members join in July Jeff Bingham from Peru, Jerry Swinhart from Peru and Bill Giacomo from Kokomo. Welcome to our club.

Tyler Whorl won the monthly Gift Certificate drawing. Congratulations and thanks to Kidsville Toy and Hobby Shop for making this possible.

We want to thank all the members that selfishly donated food and/or donated their time to help with the success of last month Fly-In.

The building seems to be leaning more every year and it is also in need of a new roof as well. The club is going to look into getting the structure fixed this year. Please make the effort to show up at our August meeting. We need your comments and suggestion in how to address these needed repairs. There will possibly be a vote on this issue.

It was brought up about the suggestion that those club members that donate food or provide their labor at the October swap meet to be granted free admission to the event. Please be present at the next meeting and let us know what's your opinion. All our members suggestions do count.

Tom Seres suggested that next year Fly-in be extended to a two

days event. We believe it will attract many more flyers. The down side of this extended event is that it will require double the amount of donations and work on the members that help. We want you to come and discuss this matter to.

The annual Swap meet is coming up in October we will need donations and help for that. You notice we have asked for a lot of donations, but be aware the the club will pay for items if needed. Any donations are very much appreciated since it decreases the club treasury expenses.

Meeting was closed at 7:30 PM.

Due to this month constrains there is no Safety Report. We hope to present a more complete newsletter next month.

Note: This letter is being e-mailed only. If you know of any member without e-mail capabilities and that will like to read this letter, please be so kind to forward a hard copy to them.

Redwing RC - Specialist in 28cc
and 30cc , $\frac{1}{4}$ Scale aerobatic
models and sponsor for the
June 19th Gas Fun Fly
